

Role of calculators in youth empowerment

Pranav Mahant
Mukhtar Hamzat
Minhquan Nguyen

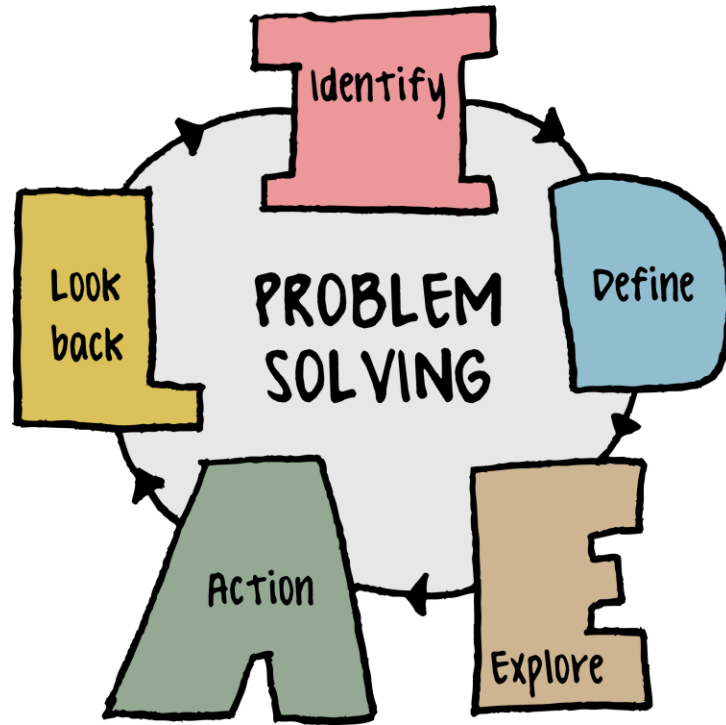

The Plan

- IDE: GitHub
- Function: Basic mathematic processes
- Goal: Create a very basic working calculator

Issues encountered

- Time
- Calculation Errors
- Programming language choice
- Had to start over

Problem Solving

- Calculation Error
- Restart
- Coding Language
- Time Management

Future Plans

- Increase calculator functionality
- Add as a browser extension
- Make it an app

The Theme: Youth Empowerment

- Less room for error
- Promotes time management
- Allows advanced calculations
